

CAMPEONATO PRE

Dear associate,

For the 10th time the PRE studbook in the Netherlands organizes its annual Campeonato PRE. This International event is an essential part of the studbook with the aim to promote the horses to a larger number of public and to stimulate and select the quality of the breeding animals. The Campeonato PRE is supervised by the Spanish mother studbook ANCCE. The last years the Campeonato PRE has developed into a fantastic event to which approximately 100 horses participate. Participants from the Netherlands, Belgium, France, Germany and Spain come together to compete for the various champion titles. The horses will be judged on character, exterior and movements.

A weekend full of Spanish horses is not complete without Spanish culture. Spanish goods, harness, typical Spanish music, dance, food and drinks will be present. The media and press will give attention to this championship. This year's **Campeonato PRE 2010** will be held in the Equestrian Centre Sunrise Stables in Assen.

You can be part of this growing event! Market Booths are available for both days of the event. Reserve now and your booth will be listed in the event program. The costs of the booth (Market booth 2 meter) or space (3 X 3 m) are € 100.-- for both Saturday and Sunday.

Don't delay because space is limited. You can decorate your booth/space on Friday from 17.00 up to 20.00 hours and on Saturday before the event from 08.00 up to 09.00 hours. You can empty and clean your booth/space after Sunday's program. (approx. 17.00 hours)

An application form is enclosed.

If you require further information do not hesitate to contact:
